<https://github.com/andrasbanki>

Full-Stack Web Developer with a goal to fulfil the wishes of clients by building websites with a great technical stack and visual design. A problem solver who likes to check the structure and infrastructure of websites and developer tools in order to continually learn and constantly improve. Strong passion for long-lasting first-impressions through combining timeless designs and new technologies.

FINISHED PROJECTS

- Pokédex- A small web application with HTML, CSS, and JavaScript that loads data from an external API and enables the viewing of data points in detail.
<https://github.com/andrasbanki/Pokédex>
- myFlix Movie App built with React. This web application will provide users with access to information about different movies, directors and genres. Users will be able to sign up, update their personal information, and create a list of their favourite movies.
Front-End: <https://github.com/andrasbanki/myFlix-client>
Back-End: <https://github.com/andrasbanki/myFlix>
- A basic To-Do-List app built with Redux and has the following features: the user can add a new item to a list of items, cross out an item from the list of items, delete an item from the list of items and change the order of items in the list of items.
<https://github.com/andrasbanki/to-do-list-app>
- A chat app for mobile devices using React Native. The app will provide users with a chat interface and options to share images and their location.
<https://github.com/andrasbanki/Chat-App>
- A server-less, progressive web application (PWA) with React using a test-driven development (TDD) technique. The application uses the Google Calendar API to fetch upcoming events.
<https://github.com/andrasbanki/meet>
- myFlix Movie App using Angular. Built the client-side for an application called myFlix based on its existing server-side code (myFlix API and database), with supporting documentation.
<https://github.com/andrasbanki/myFlix-Angular-client>

CURRENT PROJECTS

- I am creating a photo gallery about the places I have been to with Firegram. This tool teaches you how to build an Instagram-like gallery app using React.js backend and a Firebase database. The idea comes from Net Ninja (Shaun). Resource: <https://www.youtube.com/watch?v=vUe91uOx7R0&t=385s>
- Building a portfolio website for an independent architect and designer. My aim is to have a clean design that puts the focus on their skills and projects. I am building the site using HTML and CSS.

SKILLS

HTML	Angular.js	Firebase
CSS	Node.js	jQuery
JavaScript	MongoDB	JSON
React	AWS	PostgreSQL
React Native	Heroku	Github

LANGUAGES

English	professional
German	professional
Hungarian	native

EDUCATION

**Olad Technical School of the Vas County
Training Centre Szombathely
Hungary 2006 - 2008**

Certificate of general qualification for university entrance (equals the German 'Abitur').

My chosen subject was Computer sciences, and I got an ECDL by graduating with good results.

CareerFoundry

Full-Stack Web Developer Certification

March 2021 - September 2021

This program provides a strong basis on how to build a modern website, covering basic to advanced skills, with a focus on accessibility and security.

PREVIOUS WORK EXPERIENCES

- Demi Chef de Rang // Restaurant Tim Raue **
Berlin, DE, 2018 - 2021
Working in a fast speed environment and meeting high expectations in expertise, professionalism and team spirit to treat guests to the Michelin star level service.
- Chef de Rang // Renaissance Wien Hotel
Wien, AT, 2017
Employees at this worldwide hotel chain are expected to meet a detailed set of standards to ensure that guests get the same experience at any of the hotels. I lived up to this requirement with due diligence and built a connection with regular visitors from behind the bar.
- Chef de Rang // Michelberger Restaurant
Berlin, DE, 2015 - 2016
Presenting an at-home feeling to guests and colleagues from different cultures was important here. By finding the appropriate tone with everyone and treating them equally, I was able to fit into this concept.
- 2008-2015
I worked 10+ years in the hospitality industry in Hungary, in the Netherlands, Austria, and Germany.
