ANDRÁS BÁNKI

abankiandras@gmail.com 🌐 ⌕ in

Full-Stack Web Developer with a goal to fulfil the wishes of clients by building websites with a great technical stack and visual design. A problem solver who likes to check the structure and infrastructure of websites and developer tools in order to continually learn and constantly improve. Strong passion for long-lasting first-impressions through combining timeless designs and new technologies.

PROJECTS

- Pokédex- A small web application with HTML, CSS, and JavaScript that loads data from an external API and enables the viewing of data points in detail.
  https://github.com/andrasbanki/Pokedex
- myFlix Movie App built with React. This web application will provide users with access to information about different movies, directors and genres. Users will be able to sign up, update their personal information, and create a list of their favourite movies.
  Front-End: https://github.com/andrasbanki/myFlix-client
  Back-End: https://github.com/andrasbanki/myFlix
- A basic To-Do-List app built with Redux and has the following features: the user can add a new item to a list of items, cross out an item from the list of items, delete an item from the list of items and change the order of items in the list of items.
  https://github.com/andrasbanki/to-do-list-app
- A chat app for mobile devices using React Native. The app will provide users with a chat interface and options to share images and their location.
  https://github.com/andrasbanki/Chat-App
- A server-less, progressive web application (PWA) with React using a test-driven development (TDD) technique. The application uses the Google Calendar API to fetch upcoming events.
  https://github.com/andrasbanki/meet
- myFlix Movie App using Angular. Built the client-side for an application called myFlix based on its existing server-side code (myFlix API and database), with supporting documentation.

THE MOST IMPORTANT STATIONS IN MY CAREER

- Demi Chef de Rang // Restaurant Tim Raue ** Berlin, DE, 2018 - 2021
  Working in a fast speed environment and meeting high expectations in expertise, professionalism and team spirit to treat guests to the Michelin star level service.
- Chef de Rang // Michelberger Restaurant, Berlin, DE, 2015 - 2016
  Presenting an at-home feeling to guests and colleagues from different cultures was important here. By finding the appropriate tone with everyone and treating them equally, I was able to fit into this concept.

SKILLS

- HTML
- CSS
- JavaScript
- React
